## Research Interests

- I am broadly interested in deep learning & its applications to the field of computer vision and natural language processing, with focuses on explainable AI models, visual question answering, visual discourse parsing and visual dialog.

## Professional Experience

### 1) Research Software Engineer, IBM Research [Mar 2014 – Sept 2016]

I worked on a wide array of Natural Language Processing and Machine Learning projects at IBM Research AI. Following is a brief overview of my research work at IBM:

- Implemented a prototype to answer natural language queries in IT Services Domain using IBM Watson Question Answering System.
- Proposed a new set of Discourse relations among IT service tickets to improve classification accuracy of tickets. Filed a **US patent** application on this.
- Proposed and Implemented a new grammatical formalism called 'n-NLP' to parse noisy natural language sentences. Filed a **US patent** application on this.
- Designed and developed a novel Classification algorithm to classify problem tickets in IT Incident Management Process. **Published** a paper on this in a top-tier conference ICSOC 2014.
- Designed and developed a web based reporting tool to measure adoption, utilization and business benefits of dynamic automations in IT & services delivery research. Many business units of IBM are now using this tool for auto-remediation of tickets.

### 2) Course Instructor, IIIT Hyderabad [Jan 2014 - Mar 2014]

Co-taught a graduate level course "Advanced Natural Language Processing".

- 3) **Research Assistant (RA)**, UCLA [Sept 2017 – Present]  
DARPA Explainable AI (XAI) Grant.
- 4) **Research Assistant (RA)**, IIIT Hyderabad [Aug 2010 - Dec 2012]  
Designed and developed a web-based 3D *virtual laboratory* at IIIT-Hyderabad, funded by Ministry of Human Resource Development India (MHRD).
- 5) **Teaching Assistant (TA)**, IIIT Hyderabad  
Computer Programming course (Aug 2013 - Dec 2013) and Humanities course (Aug 2009 - Dec 2009).
- 6) **Summer Intern**, Center for Exact Humanities (CEH), IIIT-Hyderabad [May 2011 - Aug 2011]
